

# Hedgerows

# Hedgerows

**An interactive, multi-sensory exhibition that celebrates the hidden world of hedgerows.**

- See, touch and smell the foods, medicines and dyes of hedgerow plants.
- Follow the stories of the woodland bodger, the hedgelayer, the poacher and the clog maker.
- Discover how people have moulded and shaped the landscape for thousands of years.
- Find out about the birds, mammals, insects and reptiles that rely on hedgerows for food, and as a safe corridor for travel.
- Sit in a bodger's hedgerow chair and listen to the music and sounds of the countryside.

***THE EXHIBITION IS DESIGNED TO APPEAL TO ALL AGES.***

***For school visits there are curriculum links to subject areas for all key stages and the exhibition is also suitable for pupils with special educational needs. Two handling boxes are available for use in the classroom. Museum on the Move is fully accessible to wheelchair users.***
